CHAPTER _____

An act to add Section 11451.8 to the Welfare and Institutions Code, relating to public social services, and making an appropriation therefor.

LEGISLATIVE COUNSEL'S DIGEST

SB 188, Simitian. CalWORKs eligibility: income: California National Guard earnings and payments.

Existing law establishes various public assistance programs, including the CalWORKs program, which provides cash assistance to needy families meeting certain income eligibility standards.

This bill would provide that for purposes of determining eligibility for assistance and benefits under the CalWORKs program, the income of the family shall not include earnings or payments acquired from active duty in the California National Guard, to the extent that those funds are available to a family seeking or receiving CalWORKs aid, unless the total family income exceeds 150% of the federal poverty level.

Because state funds are continuously appropriated to pay for a share of the cost of CalWORKs benefits and because this bill would increase the amount of assets which certain individuals would be able to possess for purposes of determining eligibility for the CalWORKs program, this bill would constitute an appropriation.

Because the bill would impact the eligibility of recipients for CalWORKs benefits and because each county is required to pay for a share of the cost of, and to administer and determine eligibility for aid grants under, that program, this bill would constitute a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Appropriation: yes.

The people of the State of California do enact as follows:

SECTION 1. Section 11451.8 is added to the Welfare and Institutions Code, to read:

11451.8. For purposes of determining eligibility for assistance and benefits under subdivision (a) of Section 11450 and Section 11450.12, income of the family shall not include earnings or payments acquired from active duty in the California National Guard, to the extent that those funds are available to a family seeking or receiving aid under this chapter, unless the total family income exceeds 150 percent of the federal poverty level.

SEC. 2. If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.
